

SplashLite™

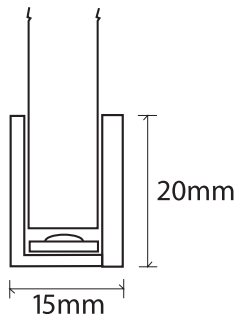

Eco-LED™ series

Architectural highlights in LEDs

Features include:

- Our glass or acrylic splash backs are illuminated using light emitting diode technology
- Colours available: red, green, blue, purple, white, warm white, yellow, or **full colour with remote control**
- Options include slumped, smooth or etched finish in glass or acrylic suitable for kitchens, bars, clubs etc.
- Edge lit design means SplashLite™ only requires the same space as a normal splash back
- SplashLite™ is manufactured to your custom sizing and delivered as a complete unit ready to plug in
- Units have continuous life span running **50,000 hours plus**
- **Environmentally friendly**, containing no mercury or sodium
- Solid state electronic light source (Light Emitting Diodes) means virtually no maintenance
- Very **easy to install** using safe extra low 12 volts, simply plugs into normal GPO
- Low heat radiation and **no UV emissions**
- Moisture and impact resistant
